AWARDS: The Friends of Brighthouse Station were given two certificates of excellence.

Friends of station are blooming happy

BLOOMS FROM Friends of Brighthouse Station have been awarded by Yorkshire in Bloom.

A certificate of excellence, equivalent to a Gold award, has been awarded to the group in two categories,

Yorkshire in Springtime and a category headed Wheels of fortune.

The friends were very proud to have been given the awards through the difficult times of lockdown the plants struggled as no

one was able to look after them. The group is proud to say that there are flowering plants at the station every day of the year which helps to keep up peoples spirits both of train crews and travellers alike.
